

Z I N S K Y

Zinsky's loose contemporary portraits have a unique energy and a style all their own.

A definite non-conformist, he is influenced by the art of the street and has spent much of his life on the bohemian fringes, yet his work is at home in the most formal of public galleries. He paints with confidence, spontaneity and skill and draws on his personal passion for culture, media and history, bringing together a fascinating array of people and ideas.

In this remarkable new collection, Zinsky captures the essence of some of the most iconic individuals and characters of the last 100 years in his unique street-influenced style.
